

Student: _____ Summer 20 ____

Report of Summer Activities

As you know, the Department requires that you report on the activities supported by your recent summer scholarship. Use this form to give a brief description of these activities. You may want to include material studied, results obtained, research undertaken, conferences/workshops attended, and so on. The report should be signed by you and your advisor. Please return your report to the Mathematics Department office by October 5th.

Signature: _____ Date: _____

Advisor: _____

As the academic advisor of this student I (please check one)

- accept this report
- do not accept this report

Signature: _____ Date: _____
